

# KINGSFORD SMITH DRIVE UPGRADE

## Community Notice

**Traffic changes – Sunday 9 and 16 October 2016**

October 2016

From **7am to 7pm on two consecutive Sundays in October 2016**, traffic changes will be required on Kingsford Smith Drive to allow for the safe removal of trees and service relocation between Toorak Road and Theodore Street.

These works have been scheduled during the day in order to minimise the impact and duration of ongoing night works on the local community.

Works are scheduled to take place on the following dates:

- Sunday 9 October
- Sunday 16 October.

Site clearing activities will be undertaken in accordance with all required approvals. Fauna spotter-catchers will conduct pre-clearing surveys and be on site during clearing activities.

During this work, traffic control will be in place on Kingsford Smith Drive as required, with one lane open to traffic in each direction. See map below for work areas. Access to local streets and properties will be maintained with traffic controllers at all times.

In the event of wet weather or unforeseen circumstances, this activity will occur on the next available Sunday.

### What to expect

- Use of equipment such as chainsaws, vacuum excavators, concrete saws, excavators, trucks and small cranes
- Truck movements to remove material from site
- Noise associated with use of construction equipment
- Vehicles and equipment with flashing lights and white noise (non-tonal) reversing beepers for the safety of onsite workers
- Traffic control and signage to direct pedestrians, cyclists and motorists around the work areas, as required.

### Ongoing night work

During October, the night work program will continue along Kingsford Smith Drive and will include other tree removal activities, service locations and barrier installation. The duration of these activities will be reduced as a result of the completion of the Sunday work.

Night work will be completed from **8pm-5am from Sunday to Thursday** to maximise safety for motorists and road workers and to minimise traffic disruptions.

### More information

For more information regarding planned construction activities, please contact the team on 1800 084 383 or email [info@ksdupgrade.com.au](mailto:info@ksdupgrade.com.au)
