

KINGSFORD SMITH DRIVE UPGRADE

Project construction update

April 2018

Major weekend traffic changes – late April and early May

As part of the Kingsford Smith Drive upgrade, public utility services are being relocated and where required, replaced, to ensure these services continue to meet the needs of the local community.

Installing these underground services requires major construction activity across Kingsford Smith Drive. To reduce the impact and duration of ongoing night work on local residents, the project team will complete a number of these underground crossings over weekends in late April and early May 2018.

To complete these works, Kingsford Smith Drive will be reduced to one lane in each direction between Riverview Terrace and Hercules Street on the following weekends:

- 7pm Friday 20 April to 5am Monday 23 April
- 7pm Friday 4 May to 5am Monday 7 May

Significant delays are expected and motorists are encouraged to allow additional travel time or seek alternate routes, where possible.

What can I expect?

- Works will be completed 24 hours a day, from 7pm Friday to 5am Monday, when traffic volumes on Kingsford Smith Drive are lower.
- Construction equipment including excavators, trucks, jackhammers, compaction equipment, road saws, vacuum excavators, small cranes and asphalt equipment.
- Noise and lights associated with the use of construction equipment, including vehicles and equipment with flashing lights and white noise (non-tonal) reversing beepers for the safety of onsite workers.
- Changed traffic conditions, including lane and footpath closures with traffic control and signage to direct pedestrians, cyclists and motorists, as required.
- Access to local streets and private property will be maintained during these works.

Register for construction updates

Lendlease offer SMS and email updates to keep residents up-to-date on construction activities.

Major construction activities will also continue on the Kingsford Smith Drive upgrade during April 2018.

Land-based activities between Amy Street and Theodore Street will include:

- street light work
- investigation and installation of underground services
- major earthworks and drainage activities
- pavement construction, asphalt works and line marking
- footpath construction and landscaping
- ground improvement works
- piling for a new retaining wall and signage structures.

Marine-based construction activities will include:

- ground improvement works
- piling for the new river walk and drainage structures
- installation of precast concrete segments and concrete pours for the main river walk structure
- concrete truck deliveries.

Work will involve:

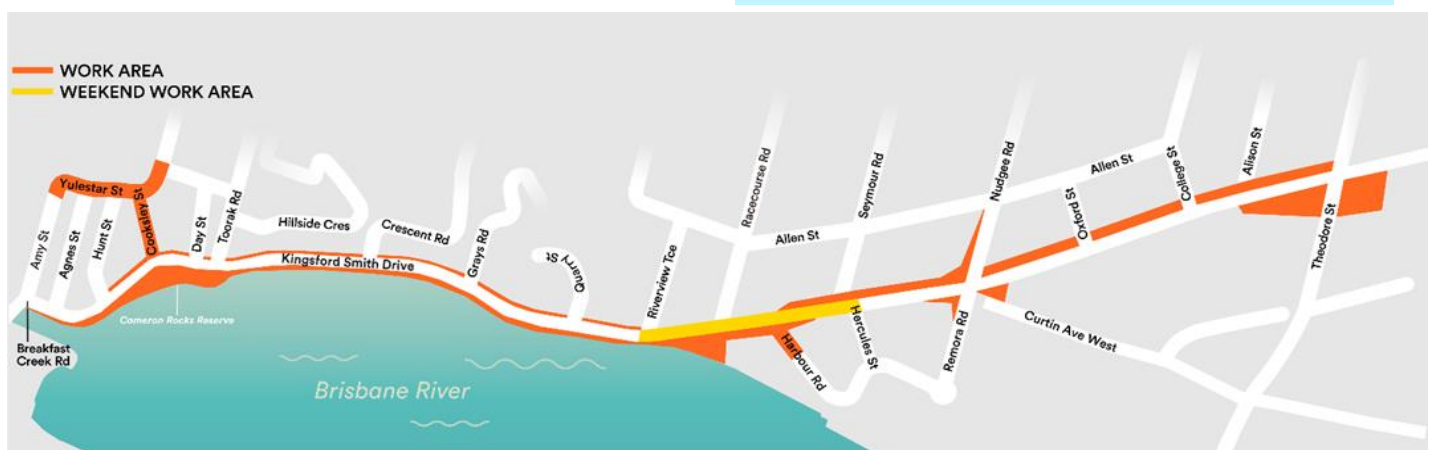

- use of construction equipment including excavators, trucks, jackhammers, compaction equipment, road saws, vacuum excavators, concrete trucks, cranes, barges, piling rigs and pumps
- noise and light associated with the use of construction equipment
- changed traffic conditions including lane, footpath and parking closures with traffic control and signage to direct pedestrians, cyclists and motorists, as required
- barge movements across the river
- night work and Sunday work as required.

ANZAC Day 2018 at Cameron Rocks Reserve

On **Wednesday 25 April 2018**, the Clayfield-Toombul RSL sub-branch will host its annual ANZAC Day dawn service at the Hamilton War Memorial at Cameron Rocks Reserve.

Commencing at 5am, the service will be held at the recently relocated memorial at Cameron Rocks Reserve, Kingsford Smith Drive, Hamilton. Following the service, a gunfire breakfast will be held on site.

The local community is invited to attend and commemorate this important national day of remembrance.
