

KINGSFORD SMITH DRIVE UPGRADE

Community Notice

December 2018

Changed traffic conditions – Seymour Road to Alison Street, Hamilton

On **Monday 17 December 2018**, the project will move into the final stage of construction on Kingsford Smith Drive between Seymour Road and Alison Street, Hamilton.

To accommodate this stage, eastbound vehicles will be realigned onto the newly-constructed northern lanes, and the new northern footpath on Kingsford Smith Drive will open to pedestrians and cyclists between Seymour Road and Alison Street.

This stage of construction will require temporary traffic lanes at the minimum allowable width, both eastbound and westbound.

From January 2019, construction will start in the centre median of Kingsford Smith Drive, east of Seymour Road. This final stage of works will take **approximately four months** to complete, and will involve construction of the new centre median, including landscaping, some underground service installation, and final asphaltting and line marking, including the provision of a new 1.8 metre wide bicycle lane.

Works to complete utility service installations and pavement construction will continue on some local side streets in 2019, requiring the following traffic changes:

Oxford Street

On **Monday 17 December 2018**, Oxford Street will reopen to traffic in both directions.

College Street

On **Monday 17 December 2018**, College Street will reopen to traffic in both directions, and a temporary right turn from Kingsford Smith Drive into College Street will be opened **for up to three months**.

Please note, at completion of the project, College Street will be left-in, left-out only.

Alison Street

On **Sunday 13 January 2019**, the right turn from Kingsford Smith Drive into Alison Street will temporarily close for **up to two months** to facilitate construction of the new road pavement in the centre median. Traffic will be detoured via the temporary right turn into College Street from Kingsford Smith Drive.

Woonah Avenue

Woonah Avenue will remain closed to traffic in both directions **for the first half of 2019**.

All construction work east of Harbour Road is expected to be completed in mid-2019, at which point this section of Kingsford Smith Drive will open to three lanes of traffic in each direction.

See construction staging diagrams and map overleaf detailing the changed traffic conditions.
