

KINGSFORD SMITH DRIVE UPGRADE

Community Notice

Temporary road closure – Cooksley Street, Albion

October 2017

As part of the Kingsford Smith Drive upgrade, public utility services are being relocated and where required, replaced, to ensure these services continue to meet the needs of the local community.

To enable major stormwater installation works over the coming months, Cooksley Street will be closed to all traffic between Yulestar Street and York Street on the following weekends:

- 7pm Friday 13 October to 5am Monday 16 October 2017
- 7pm Friday 20 October to 5am Monday 23 October 2017.

Cooksley Street will also be closed to southbound vehicles between Yulestar Street and Kingsford Smith Drive for these works. Access to Yulestar Street from Kingsford Smith Drive via Cooksley Street will be maintained.

Access to local streets and properties will be maintained by traffic controllers at all times. Traffic controllers and signage will be in place to direct all motorists.

The Cooksley Street entrance to the Hamilton BP Service Station will be closed for this period. Motorists wishing to access the Hamilton BP can continue to do so from Kingsford Smith Drive.

A detour route will be in place for all traffic movements during this closure period:

- Access to ICB and Breakfast Creek Road will be via Crosby Road
- Access to Kingsford Smith Drive heading east will be via Toorak Road
- Access to the northern end of Cooksley Street will be via Toorak Road

See map overleaf for work area and detour route.

These activities have been scheduled to take place continuously over two consecutive weekends to minimise the impact and duration of ongoing night works on the local community. In the event of wet weather or unforeseen circumstances, this activity will occur on the next available weekend.

Register for construction updates

Stay up-to-date with works in your area by registering for updates at www.ksdupgrade.com.au

You can also register to receive SMS alerts prior to high impact work near your property by contacting the team on 1800 084 383 or emailing us at info@ksdupgrade.com.au

Why are these works happening?

The Kingsford Smith Drive upgrade will improve the capacity of the road to meet the future needs of the traffic network on one of Brisbane's busiest roads.

The upgrade involves widening the road from four to six lanes between Theodore Street at Eagle Farm and Cooksley Street at Hamilton. It also includes improvement works between Cooksley Street and Breakfast Creek Road at Albion.
