

# KINGSFORD SMITH DRIVE UPGRADE

## Project construction update

Major construction activities will continue on the Kingsford Smith Drive upgrade during February 2019.

February 2019

Construction activities between Amy Street and Theodore Street will include:

- street light work
- investigation and installation of utility services
- major earthworks
- drainage activities
- pavement construction, asphalt works and line marking
- footpath, kerb and driveway construction
- ground improvement works
- concrete truck deliveries
- landscaping activities
- precast concrete panel installation.

Work will involve:

- use of construction equipment including excavators, trucks, jackhammers, road saws, vacuum excavators, concrete trucks, cranes, pumps and asphalt and compaction equipment
- noise and light associated with the use of construction equipment
- changed traffic conditions including lane, footpath and parking closures with traffic control and signage to direct pedestrians, cyclists and motorists, as required
- night work and weekend work as required.

### Why are these works happening?

The Kingsford Smith Drive upgrade will improve the capacity of the road to meet the future needs of the traffic network on one of Brisbane's busiest roads.

The upgrade involves widening the road from four to six lanes between Theodore Street at Eagle Farm and Cooksley Street at Hamilton. It also includes improvement works between Cooksley Street and Breakfast Creek Road at Albion.

## Major weekend works

To enable installation of underground services and completion of pavement works, major construction activities across Kingsford Smith Drive are required.

To reduce the impact and duration of ongoing night work on local residents, the project team will complete a number of these activities over weekends in February and March 2019.

During these periods, Kingsford Smith Drive may be reduced to one lane in each direction in sections between Cooksley Street and Harbour Road.

Further information regarding these works will be distributed to nearby residents prior to the work periods.

**Motorists are encouraged to allow additional travel time or seek alternate routes, where possible.**

## Register for construction updates

Lendlease offer SMS and email updates to keep residents up-to-date on construction activities.

To subscribe, contact the team on 1800 084 383 or email your name, address and phone number to [info@ksdupgrade.com.au](mailto:info@ksdupgrade.com.au)

## More information

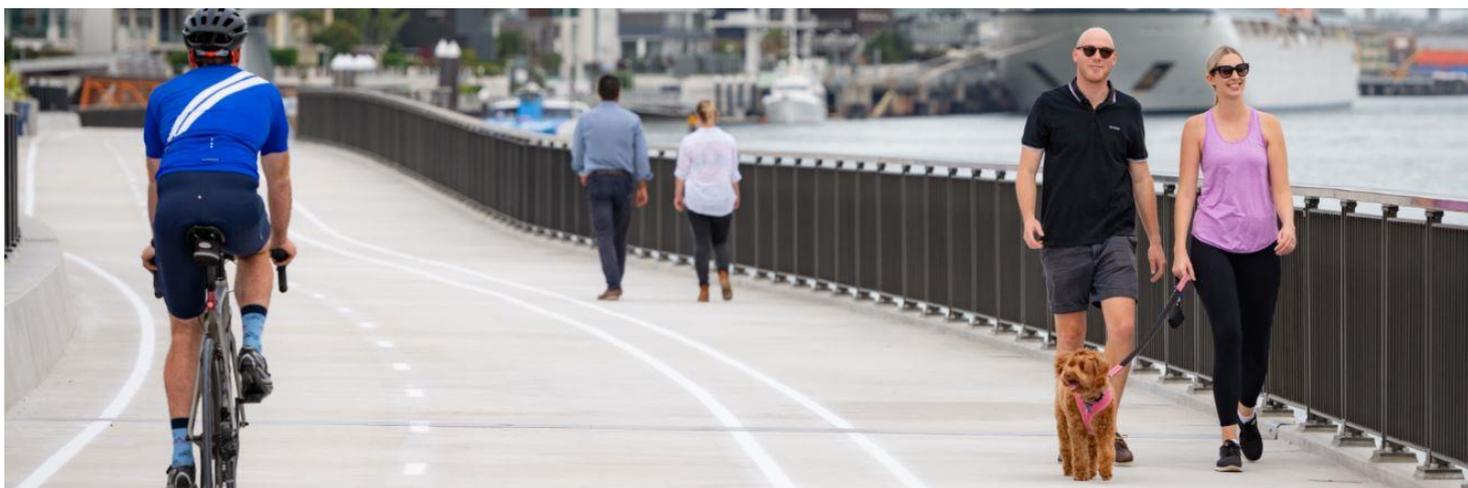

For more information about these works, please phone the team on 1800 084 383 (freecall 24/7) or email [info@ksdupgrade.com.au](mailto:info@ksdupgrade.com.au)

## Cyclist and pedestrian interactions on the new River Walk

Since opening in late December 2018, the River Walk has become a popular route for locals and visitors to enjoy Brisbane's outdoor lifestyle. To ensure everyone can safely enjoy the River Walk, safety features including directional and guidance signs, and line marking to separate cyclists and pedestrians, have been installed. All users are reminded to observe relevant road rules and signage. We encourage cyclists to slow down and take caution when utilising the new River Walk and interacting with other path users including pedestrians.

Construction is also continuing at both Bretts Wharf and Cameron Rocks Reserve and conditions are subject to change. All users should maintain an awareness of their surroundings during construction and always follow the instructions provided by directional signage and traffic control.
