

KINGSFORD SMITH DRIVE UPGRADE

December 2019

Changed traffic and pedestrian conditions – Racecourse Road to Seymour Road, Hamilton

Works to upgrade the centre median of Kingsford Smith Drive between Racecourse Road and Seymour Road are scheduled to be completed in mid-December 2019. Following completion of these works, three lanes of traffic will open on Kingsford Smith Drive east of the Racecourse Road intersection for motorists travelling outbound.

Signage will be installed to help motorists and pedestrians navigate the changed conditions, where required.

The Kingsford Smith Drive and Racecourse Road intersection will remain fully open during these works.

Major Sunday works

From **6am Sunday 15 December to 5am Monday 16 December 2019**, barrier movements, asphaltting activities, service installation and line marking will be undertaken on Kingsford Smith Drive between Racecourse Road and Seymour Road.

During these works, there will be lane closures on Kingsford Smith Drive adjacent to the work area, as well as a localised lane closure on Harbour Road at Kingsford Smith Drive. Access will be maintained out of Harbour Road from Kingsford Smith Drive.

Delays are expected and motorists are encouraged to allow additional travel time or seek alternate routes, where possible.

In the event of wet weather or unforeseen circumstances, this timeframe may be extended to allow the work activities to be completed safely.

Changed traffic and pedestrian conditions

Following works on Sunday 15 December 2019, the **right turn into Harbour Road from Kingsford Smith Drive will re-open**, and the temporary U-turn facility installed at the Kingsford Smith Drive and Northshore Way intersection for outbound motorists will be removed.

The **pedestrian crossing at Harbour Road will also re-open** following the major Sunday works.
