

# KINGSFORD SMITH DRIVE UPGRADE

## Community Notice

December 2016

### Traffic changes – Sunday 11 and 18 December 2016

From **7am to 7pm on two consecutive Sundays in December 2016**, traffic changes will be required on Kingsford Smith Drive and Harbour Road to allow for the installation of underground services and pipes between Riverview Terrace and Seymour Road.

Sunday works are scheduled to take place on the following dates:

- Sunday 11 December 2016
- Sunday 18 December 2016

Work will involve digging trenches across Kingsford Smith Drive to install underground services and stormwater pipes and to prepare for the installation of a gas pipe in early 2017.

During this work, traffic control will be in place on Kingsford Smith Drive, with one lane open to traffic in each direction. Access to all side streets and properties will be maintained under the direction of traffic control.

See map below for work areas.

In the event of wet weather or unforeseen circumstances, this activity will occur on Sunday 15 January 2017 or the next available Sunday.

#### What to expect

- Use of equipment such as road-saws, excavators, trucks and small cranes.
- Truck movements to remove material from and deliver material to site.
- Noise associated with use of construction equipment.
- Vehicles and equipment with flashing lights and white noise (non-tonal) reversing beepers for the safety of onsite workers.
- Traffic control and signage to direct pedestrians, cyclists and motorists around the work areas.

#### Minimising night work

This work has been planned for Sunday 11 and 18 December in order to minimise the impact and duration of ongoing night works on the local community.

Some works will still need to be completed at night from **8pm-5am from Sunday to Thursday** to maximise safety for motorists and road workers and to minimise traffic disruptions.

#### Register for SMS alerts

Register your details at [www.ksdupgrade.com.au](http://www.ksdupgrade.com.au) to receive SMS alerts for changed traffic conditions. To receive an SMS alert prior to high impact work near your property, please contact us on 1800 084 383.
