

# KINGSFORD SMITH DRIVE UPGRADE

## Project construction update

September 2017

During September 2017, the Kingsford Smith Drive upgrade will continue major construction activities.

Land-based activities between Amy Street and Theodore Street will include:

- street light and traffic signal work
- drainage activities on Cooksley Street, Yulestar Street and Nudgee Road
- new service installation works
- major earthworks and drainage installation
- pavement construction
- asphalt works and line marking
- relocation of concrete traffic barriers
- ground improvement works.

Marine-based construction activities will include:

- installation of scour protection devices
- excavation of the existing river bank retaining wall
- ground improvement works
- piling for the new river walk structure
- production and installation of precast concrete segments that will be used in the river walk structure
- increased concrete truck deliveries to Bretts Wharf and Cameron Rocks Reserve
- construction of the main retaining wall structure.

### What to expect

Work will involve:

- use of construction equipment including excavators, trucks, compaction equipment, road saws, vacuum excavators, concrete trucks, small cranes, barges, piling rigs and pumps
- noise associated with the use of construction equipment
- light associated with the use of temporary lighting towers
- increased light at Bretts Wharf and Cameron Rocks Reserve associated with construction activities
- vehicles and equipment with flashing lights and white noise (non-tonal) reversing beepers for the safety of onsite workers
- changed traffic conditions including lane, footpath and parking closures, as required
- traffic control and signage to direct pedestrians, cyclists and motorists, as required
- increased barge movements across the river.

# KINGSFORD SMITH DRIVE UPGRADE

## KSD upgrade Visitor Centre

The Kingsford Smith Drive upgrade Visitor Centre features a range of interactive displays and is full of information about the project.

A stationary bike with a virtual tour allows visitors to experience the future river walk on two wheels, and view the route both before and after construction. Another feature is the artefact display wall, which showcases Kingsford Smith Drive's long history and acknowledges the project's contributions to this evolving story.

The Kingsford Smith Drive upgrade Visitor Centre is open from 7:30am to 4:30pm weekdays at 605 Kingsford Smith Drive, Hamilton. Please drop in and visit us.

## Changes to Nudgee Road intersection

From September 2017, there will be pedestrian and traffic changes to the Nudgee Road intersection.

Additional signage will be in place to assist pedestrians through the intersection.

Due to traffic permit requirements, some work to implement the changes must take place at night between 7pm and 5am, Sunday to Thursday.

For more information about these works, please phone the team on 1800 084 383.

## Services works – Cooksley Street to Quarry Street

From September 2017, works to relocate underground services to the northern side of Kingsford Smith Drive between Cooksley Street and Quarry Street will commence.

During this work, traffic barriers will be installed on the northern side of Kingsford Smith Drive intermittently between Cooksley Street and Grays Road.

Where possible, this work will take place during standard hours from 7am-6pm Monday to Friday and 8am-5pm on Saturday. The local community will be notified prior to any out-of-hours works.

Access to properties will be maintained at all times, and signage will be in place to assist pedestrians and cyclists.

## Register for SMS alerts

To receive SMS alerts for changed traffic conditions, register your details at [www.ksdupgrade.com.au](http://www.ksdupgrade.com.au)

To receive SMS alerts for high impact work near your property, please phone us on 1800 084 383.
