

KINGSFORD SMITH DRIVE UPGRADE

Community Notice

July 2018

Temporary road closure – Day Street, Hamilton

As part of the Kingsford Smith Drive upgrade, public utility services are being relocated and where required, replaced, to ensure these services continue to meet the needs of the local community.

To allow for the installation of new underground services, **from Sunday 29 July 2018 for up to five weeks**, Day Street will be closed at Kingsford Smith Drive to traffic in both directions.

Access to Day Street will be maintained via York Street.

This temporary road closure will enable the majority of works to be undertaken during the day between 7am and 6pm Monday to Friday and 8am to 5pm on Saturdays, to minimise the impact and duration of night works on the local community.

Traffic will be detoured around the closure with additional signage installed to help motorists and pedestrians navigate around the work area.

Pedestrian access will be maintained through the work site. Driveway access will be maintained at all times, under the direction of traffic control if required.

In the event of wet weather or unforeseen circumstances, this closure may be extended to allow the work activity to be completed safely.

Why are these works happening?

The Kingsford Smith Drive upgrade will improve the capacity of the road to meet the future needs of the traffic network on one of Brisbane's busiest roads.

The upgrade involves widening the road from four to six lanes between Theodore Street at Eagle Farm and Cooksley Street at Hamilton. It also includes improvement works between Cooksley Street and Breakfast Creek Road at Albion.

The upgrade will increase capacity, reduce traffic congestion and improve safety for all road users.
