

# KINGSFORD SMITH DRIVE UPGRADE

## Community Notice

### Upcoming road works – Cooksley Street, Hamilton

August 2016

From Wednesday 17 August 2016, for approximately two weeks, work to prepare for the relocation of underground gas services will take place in Cooksley Street, Hamilton.

This work will involve excavating a trench to locate underground services in preparation for the installation of a new gas main later this year.

In order to minimise noise impacts on local residents and businesses, the majority of this work will be completed **from 9am to 4pm, Monday to Friday and 8am to 1pm on Saturday**. Due to traffic permitting requirements, some work may need to occur at night between 9pm and 5am, Sunday to Thursday.

Traffic changes will be in place, with Cooksley Street reduced to one lane only between Yulestar Street and York Street and to one lane in each direction between Kingsford Smith Drive and Yulestar Street.

Traffic flow in all directions will be maintained under stop-go conditions with traffic control. There will be some delays to traffic as a result of these works. Please refer to map below for work area.

Property access will be maintained at all times, under the direction of traffic control officers when required.

#### What to expect during construction

- The use of road saws, vacuum excavation trucks, excavators, compaction equipment and concrete trucks.
- Noise associated with the use of construction equipment.
- Temporary traffic changes and pedestrian detours on Cooksley Street.
- Traffic control and signage to direct pedestrians, cyclists and motorists around the work area, as required.
- Parking lane closures on Cooksley Street, as required.
