

KINGSFORD SMITH DRIVE UPGRADE

Project construction update

Major construction activities will continue on the Kingsford Smith Drive upgrade during December 2019 and January 2020.

December 2019 | January 2020

Construction activities between Amy Street and Harbour Road will include:

- street light work and traffic signal changes
- investigation and installation of utility services
- major earthworks and drainage activities
- pavement construction, asphalt works and line marking
- footpath, kerb and driveway construction
- landscaping activities
- installation of new public pontoon on the Brisbane River, adjacent to Riverview Terrace.

Work will involve:

- use of construction equipment including excavators, trucks, jackhammers, road saws, vacuum excavators, concrete trucks, cranes, pumps, barges, asphalt and compaction equipment
- noise and light associated with the use of construction equipment
- changed traffic conditions including lane, footpath and parking closures with traffic control and signage to direct pedestrians, cyclists and motorists, as required
- night work and Sunday work as required.

Bretts Wharf plaza now open

Thank you to everyone who attended the 'River Lights' event on Saturday 30 November to celebrate the official opening of the new Bretts Wharf plaza.

The multi-functional plaza will be a vital activity hub connecting the Racecourse Road retail precinct, with the new Loes Bonney Riverwalk and the Portside and Northshore Hamilton entertainment precincts.

Photos from the event are available on the project website www.ksdupgrade.com.au

Major weekend works

To enable pavement construction on Kingsford Smith Drive between Cooksley Street and Toorak Road and reduce the impact and duration of ongoing night work on local residents, construction of the new pavement will be completed during continuous works over a weekend in January 2020, subject to weather and construction conditions.

During these works, reduced lanes will be available on Kingsford Smith Drive.

Further information about these weekend works will be distributed closer to the date.

Traffic changes and updates

Changes to traffic conditions and some closures of side roads will be required throughout the Kingsford Smith Drive upgrade. Below is an update on current and upcoming changed traffic conditions:

- **Day Street** – The temporary closure of Day Street has been extended. Day Street will remain closed at Kingsford Smith Drive to traffic in both directions until early 2020
- **Harbour Road** – Works in the centre median of Kingsford Smith Drive between Racecourse Road and Seymour Road are scheduled to be completed by the end of December 2019, and the right turn in to Harbour Road from Kingsford Smith Drive will re-open following the completion of these works
- **Crescent Road** – To enable installation of underground services, access to Crescent Road from Kingsford Smith Drive will **close from early January 2020** for up to six weeks. Traffic will be detoured around the work area.

Why are these works happening?

The Kingsford Smith Drive upgrade will improve the capacity of the road to meet the future needs of the traffic network on one of Brisbane's busiest roads.

The upgrade involves widening the road from four to six lanes between Theodore Street at Eagle Farm and Cooksley Street at Hamilton. It also includes improvement works between Cooksley Street and Breakfast Creek Road at Albion.

More information

For more information about these works, or to register for construction updates, please phone the team on 1800 084 383 (freecall 24/7) or email info@ksdupgrade.com.au

Christmas closure

The project will shut down on **Friday 20 December 2019** and restart on **Monday 6 January 2020**.

During the closure, a crew will be available to perform emergency maintenance if required.

As lane widths have been reduced and sight lines impacted by barriers, the lowered speed limits will remain in place during this period for the safety of motorists.

For any emergency issues during this period, please phone the team on **1800 084 383** (freecall 24/7).
