

KINGSFORD SMITH DRIVE UPGRADE

Community Notice

July 2018

Changed traffic conditions – Kingsford Smith Drive, Hunt Street to Agnes Street

From **Monday 30 July 2018 for up to eight months**, inbound traffic on Kingsford Smith Drive between Hunt Street and Agnes Street will be reduced from three to two lanes and will be moved towards the northern side of Kingsford Smith Drive.

Access from Kingsford Smith Drive to both the Inner City Bypass (ICB) and Breakfast Creek Road will remain open, with two lanes exiting to Breakfast Creek Road and one lane exiting to the ICB.

Some additional lane closures will be required at night and nearby residents will be notified in advance of planned out-of-hours work.

Please see map overleaf for more information about these changes.

Why are these works happening?

The Kingsford Smith Drive upgrade will improve the capacity of the road to meet the future needs of the traffic network on one of Brisbane's busiest roads.

The upgrade involves widening the road from four to six lanes between Theodore Street at Eagle Farm and Cooksley Street at Hamilton. It also includes improvement works between Cooksley Street and Breakfast Creek Road at Albion.
